Pre – requisite:

1. JavaScript should be enabled in the browser.

Steps to be followed to enable JavaScript:

- a. Click tools menu >> Internet Options.
- b. Then select the Security tab. It will show the Security Settings window.
- c. Select the enable radio button for Active Scripting, Allow paste operations via script and Scripting of Java applets. It will prompt a dialog box asking 'Are you sure you want to change the security settings for this zone?' Click Yes.
- d. Then select the Advanced tab. In the Browsing option check the options:
 - Disable Script Debugging (Internet Explorer).
 - Disable Script Debugging (Other).
 - Display a notification about every script error.

Then click ok.

2. It is best viewed on Internet Explorer 6.0 and above.

Purpose:

This document specifies requirements for the customisation of IISFM Software for Madhya Pradesh State Civil Supplies Corporation (MPSCSC) and State Warehouse Corporation.

The Main objective is to interlink state level agency like MPSCSC & SWC with FCI, to get clear & fair picture in terms of PDS. Secondly it will also help state level agency to provide information on food grain storage and distribution in the State.

The requirements analysis contained in this document defines the specific functionality that must be met in order to successfully deploy a system. The requirements of the user have been translated into measurable and definable business rules and functions to allow for successful development of a comprehensive process tracking system.

The intended audience for this document includes technical professionals from NIC involved in the design, coding and testing of the system as well as management of MPSCSC and (issue centre) SWC.

Scope:

The software to be produced from these requirements is a customized Depot Module and reports. The objective the client wants to achieve in acquiring a new system is to reduce time spent to track and process records by hand. Specifically, the new system must achieve the following goals:

Provide timely and accurate information to management

Provide greater reporting capability

Be easy to use and learn

Be reliable and require little maintenance

The monitoring system should be able to generate reports in all desired format and assist in various decision-making requirements of the organization.

Definitions, acronyms, and abbreviations:

SRS: Software Requirements Specification (this document)

NIC: National Informatics center

IISFM: Integrated Information system for Food grain Management

MPSCSC : Madhya Pradesh State Civil Supplies Corporation

SWC: State Warehouse Co-operation

UC: USE CASES

WHR: Ware House Receipt

WCM: Weight cash memo

DO: Delivery Order

Login:

To use the benefits of the application enter the correct User Name , Password and Captcha and Click Login button as shown in the screen below:

india.gov.in Digital India

Then system checks for the password. If password is incorrect then show the error message and returns to the same login window with the message **“Please enter the correct Password.”**

The screenshot shows the MPWLC Login Panel with a modal dialog box displaying an error message. The dialog box text is: "mpsc.mp.nic.in says: Please Enter the correct Password. [] Prevent this page from creating additional dialogs. OK". The login panel itself has tabs for "Mpwlc", "Region", "State", "Collector", "Admin", and "Others". The "Mpwlc" tab is selected. Below the tabs, there are dropdown menus for "Region:" (INDORE), "District:" (Barwani), and "Branch:" (Barwani). A "Password:" field is shown with masked characters. Below it is a "Captcha Code" field with the text "293LW1" and a refresh button. A "Login" button is at the bottom. At the very bottom of the page, there is a footer with "NATIONAL INFORMATICS CENTRE", "© 2011 National Informatics Centre. All Rights Reserved", and "Developed By : National Informatics Centre".

If the password is correct then you can see the welcome page:

Important Instructions

1. अपना सॉफ्टवेयर अपडेट करें। WMS के लिए पता गोदामपाल का सॉफ्टवेयर अपडेट और आइकेस सिस्टम उसी का अपडेट होगा।
2. WMS रिट लेने के साथ साथ page के ड्रॉप और भंडारण की पंक्ति का भी रिट लेना है की **Print whr instruction** वाले page से मिल जाएगा।
3. सॉफ्टवेयर में एंटी काल में काली प्रकाश का विवरण या को। काल प्रकाश का भंडारण के दौरान अपडेट करने की जरूरत है की।
4. Storage Charges Bill बना कर लेने के लिए "Accounting Operation" के अंतर्गत "Storage Charges Bill" पर क्लिक करें। यह module अभी Testing के दौरान है काल सॉफ्टवेयर। इसके द्वारा रिट लेने वाले काल को।
5. WMS रिट लेने के लिए Print (WMS) Receipt का उपयोग करें। WMS रिट लेने पर पता रिट original को भी काली दूसरी बार रिट लेने पर ऑफिस को भी और उसके बाद रिट लेने के लिए काल को।
6. किसी भी प्रकार की डिलीट request के लिए Delete Request page को उपयोग करने के लिए रिट निकालने के बाद रिट लेने के लिए रिट को scan करी की सॉफ्टवेयर अपडेट करें **mpwlc@dpdesk@gmail.com, deepakhandagre99@gmail.com, hompwlc@gmail.com** पर सेंड करें।
7. किसी भी प्रकार की सॉफ्टवेयर के लिए अपने सॉफ्टवेयर के काल के साथ सॉफ्टवेयर **mpwlc@dpdesk@gmail.com, deepakhandagre99@gmail.com, hompwlc@gmail.com, abraham.v@nic.in** पर सेंड करें।
